

Feeling sick?

Do not enter if you have a fever or have been sick in the last 24 hours.

Please visit coronavirus.mst.edu for more information.

Use the hand sanitizer provided inside to cover all surfaces of your hands and rub them together until they feel dry.

**PLEASE HONOR
SOCIAL DISTANCING.**

**BE SMART.
STAND APART.**

Thanks for practicing social distancing.

MISSOURI
S&T

ATTENTION VISITORS

Due to an inability to maintain social distancing, please wear a cloth face covering when entering this office.

Please knock before entering, so I can put on my mask. If you do not have a mask, please call

HELP STOP THE SPREAD

One person at a time.

Please clean after use.

Symptoms of Coronavirus (COVID-19)

Know the symptoms of COVID-19, which can include the following:

Symptoms can range from mild to severe illness, and appear 2-14 days after you are exposed to the virus that causes COVID-19.

***Seek medical care immediately if someone has emergency warning signs of COVID-19.**

- Trouble breathing
- Persistent pain or pressure in the chest
- New confusion
- Inability to wake or stay awake
- Bluish lips or face

This list is not all possible symptoms. Please call your medical provider for any other symptoms that are severe or concerning to you.

How to Safely Wear and Take Off a Cloth Face Covering

Accessible: <https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/diy-cloth-face-coverings.html>

WEAR YOUR FACE COVERING CORRECTLY

- Wash your hands before putting on your face covering
- Put it over your nose and mouth and secure it under your chin
- Try to fit it snugly against the sides of your face
- Make sure you can breathe easily
- Do not place a mask on a child younger than 2

USE THE FACE COVERING TO HELP PROTECT OTHERS

- Wear a face covering to help protect others in case you're infected but don't have symptoms
- Keep the covering on your face the entire time you're in public
- Don't put the covering around your neck or up on your forehead
- Don't touch the face covering, and, if you do, clean your hands

FOLLOW EVERYDAY HEALTH HABITS

- Stay at least 6 feet away from others
- Avoid contact with people who are sick
- Wash your hands often, with soap and water, for at least 20 seconds each time
- Use hand sanitizer if soap and water are not available

TAKE OFF YOUR CLOTH FACE COVERING CAREFULLY, WHEN YOU'RE HOME

- Untie the strings behind your head or stretch the ear loops
- Handle only by the ear loops or ties
- Fold outside corners together
- Place covering in the washing machine
- Wash your hands with soap and water

Cloth face coverings are not surgical masks or N-95 respirators, both of which should be saved for health care workers and other medical first responders.

For instructions on making a cloth face covering, see:

[cdc.gov/coronavirus](https://www.cdc.gov/coronavirus)

MISSOURI S&T – SAFE RETURN TO CAMPUS

STOP THE SPREAD

Check your temperature before coming to campus.

- ▶ If you have a temperature greater than 100° F, do not come to campus.
- ▶ If you feel sick but do not have a fever, do not come to campus.

Wash your hands frequently for 20 seconds or use an alcohol-based hand sanitizer.

- ▶ Avoid touching your eyes, nose and mouth.
- ▶ Cough and sneeze into your elbow or tissue. Dispose of tissue and wash your hands.

Please bring a cloth facemask with you to campus.

- ▶ Wear a cloth mask or other face covering that covers the mouth and nose if you are unable to maintain six-foot social distancing.
- ▶ Cloth masks are required in public spaces on campus.

Maintain a distance of six feet and honor social distancing.
